Source: California Secretary of State Voter File

\*PDI combines voters identified as white (non-Latino) and voters with no identified ethnicity in the same category.

Note: These data identifying white and Black voters in the California voter file are not reliable for research purposes. Exercise strong caution when reviewing this data table.

Data Source: California Secretary of State Voter File

\*PDI combines voters identified as white (non-Latino) and voters with no identified ethnicity in the same category.

Note: These data identifying white and Black voters in the California voter file are not reliable for research purposes. Exercise strong caution when reviewing this data table.

Data Source: California Secretary of State Voter File

\*PDI combines voters identified as white (non-Latino) and voters with no identified ethnicity in the same category.

Note: These data identifying white and Black voters in the California voter file are not reliable for research purposes. Exercise strong caution when reviewing this data table.

Data Source: California Secretary of State Voter File

\*PDI combines voters identified as white (non-Latino) and voters with no identified ethnicity in the same category.

Note: These data identifying white and Black voters in the California voter file are not reliable for research purposes. Exercise strong caution when reviewing this data table.
